building

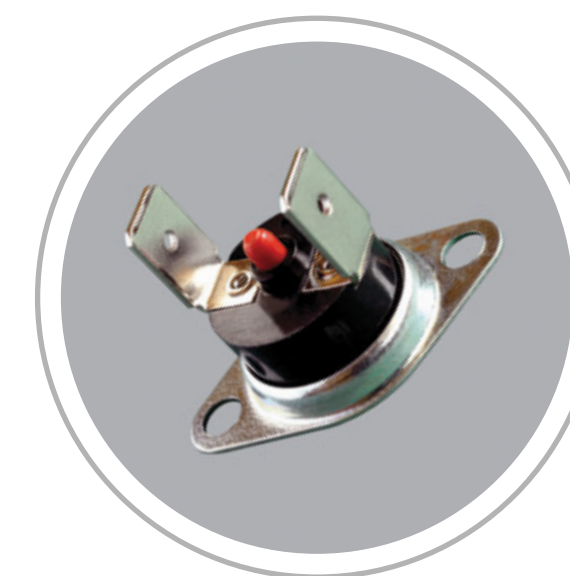

Located in the capital city Yerevan,  
Republic of Armenia

## PERSONNEL

..... Around 250 employees .....

In-house HR &  
recruiting

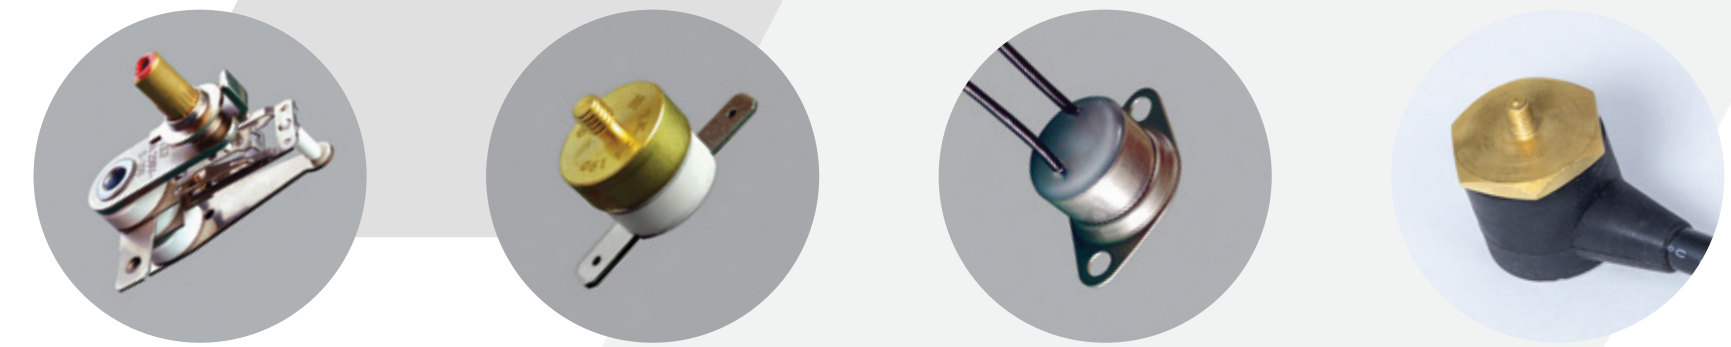

## PRODUCTS

..... 20main categories .....  
within  
serial production

Multiple special developments and  
customized solutions

# Company History

**1987** the company is established as a private plastic product manufacturer

**1990** the need for a bimetal thermostat for product manufacturing purposes emerges:

- the company starts its own bi-metal thermostat R&D project, developed and started the production of one type of bimetallic thermostat

**1992** establishment of own representation in Moscow to sell products in the region

- supply to companies from different business industries & product portfolio expansion
- production advancement and continuous refinement of product quality and technical specifications

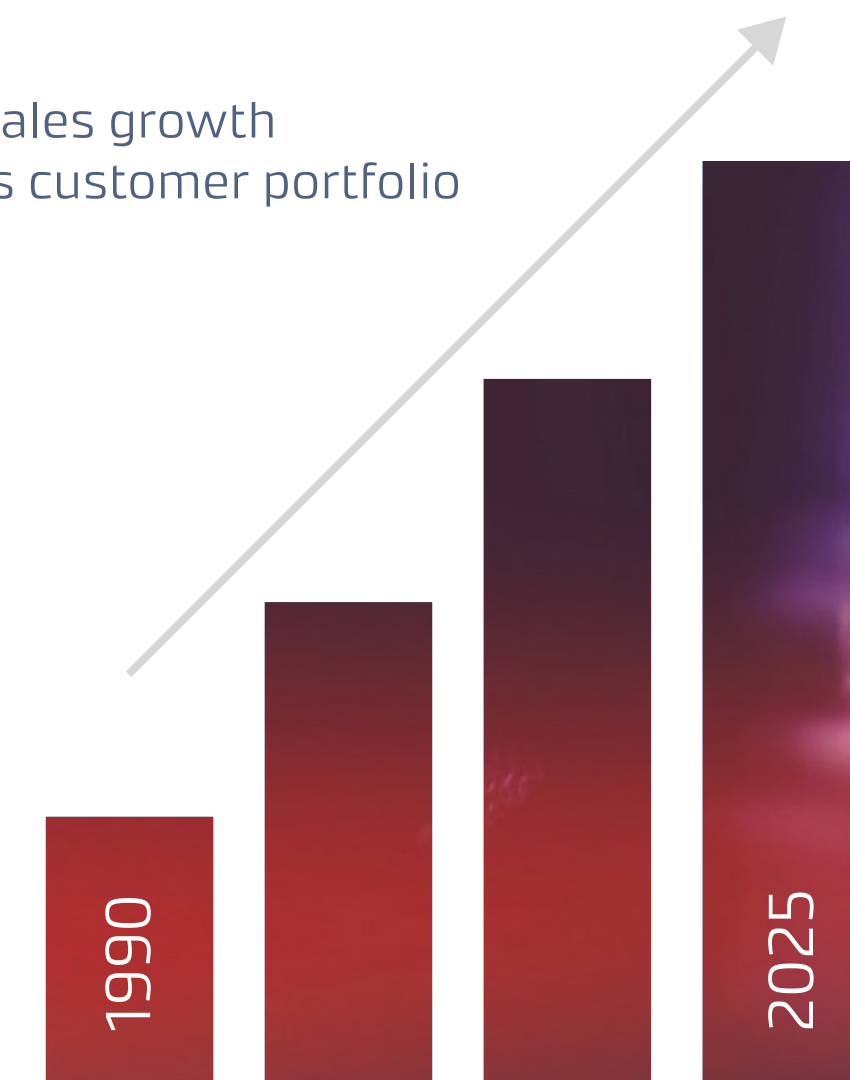

**2006** Entry to the European and North American markets

**2015** Marketing office opened in Paris, France

**2025** Opened an office in Hannover, Germany

**2025** Export to over 50 countries worldwide

- Constant sales growth
- Continuous customer portfolio expansion

# Our Product Applications

**HVAC**

**Domestic  
appliances**

**Automotive  
& Electronics**

**Engineering  
& Industrial**

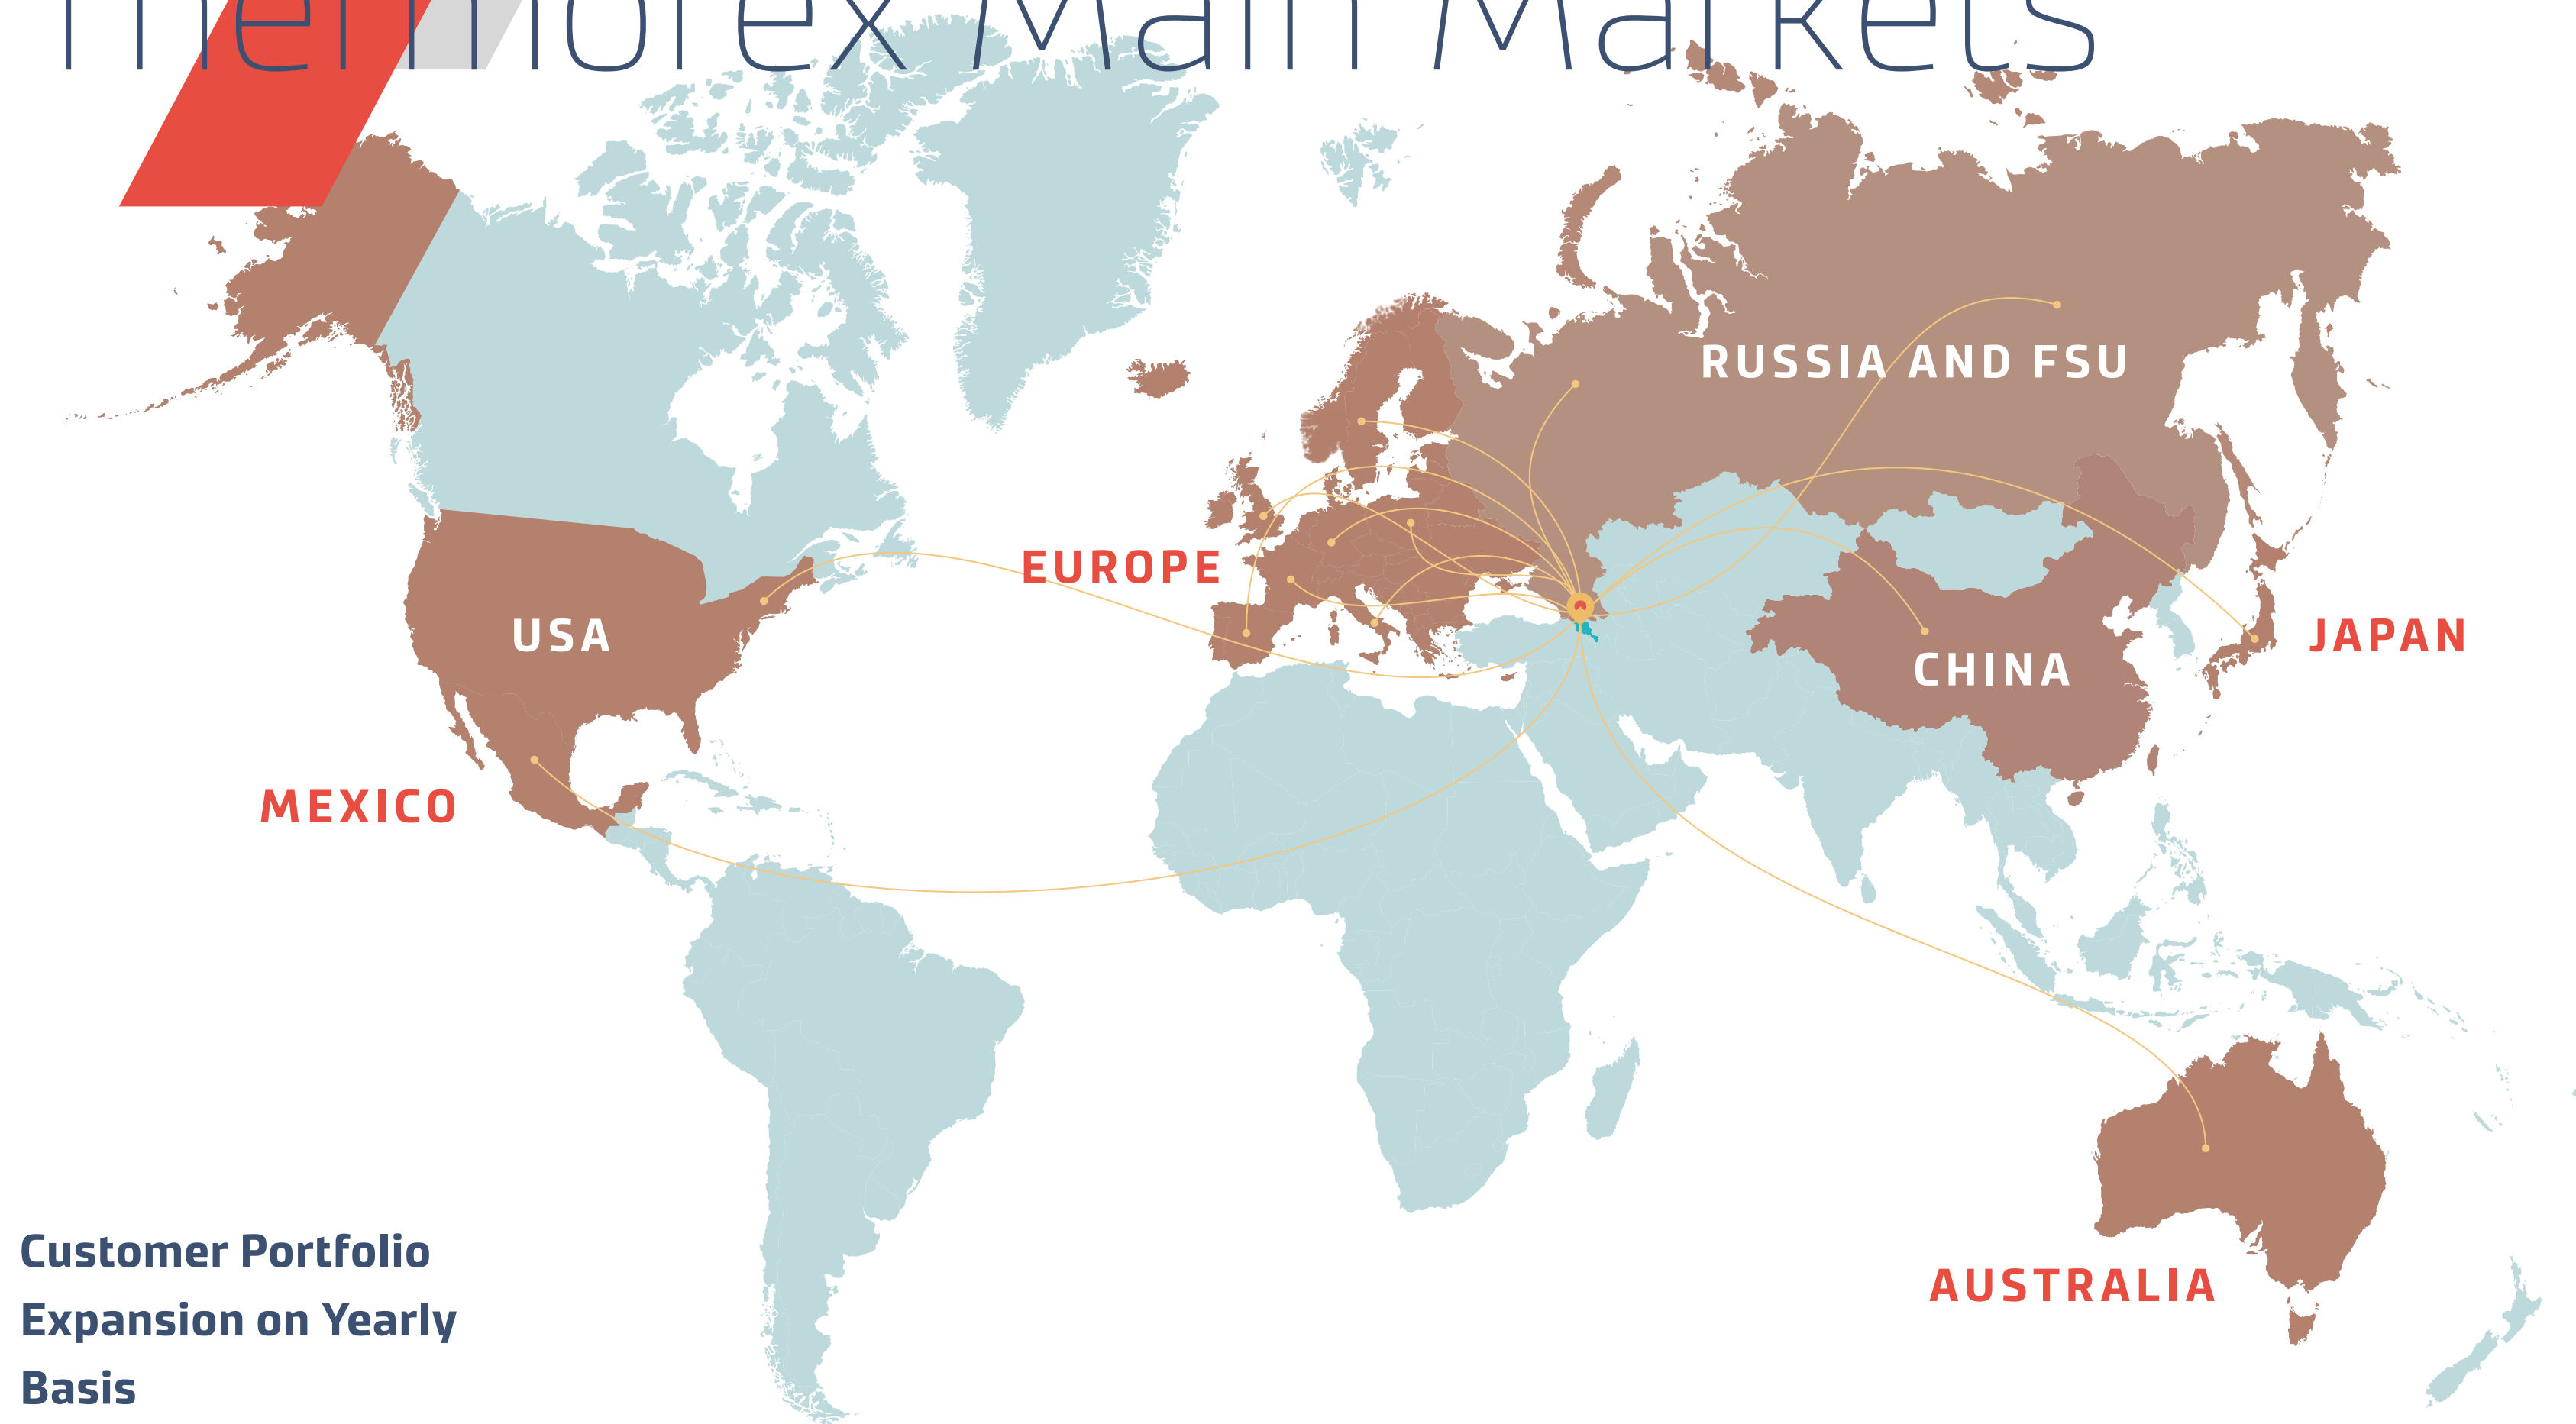

**Rail  
infrastructure**

**Aeronautics**

**AND OTHER AREAS...**
